Date: April 24, 2007

Ref: Docket No. 07-035-T13. Advice No. 07-13 – Blue Sky Program Optional – Schedule 70, Renewable Energy Rider, Optional – Schedule 72, Renewable Energy Rider, Optional, Bulk Purchase Option.

REQUEST

The Division of Public Utilities (Division) requests an extension of time up to April 30, 2007 to fully evaluate the Company's proposed revisions to Schedules 70, Renewable Energy Rider, Optional and 72, Renewable Energy Rider, Optional – Bulk Purchase Option.

ISSUE

On March 24, 2007, the Commission issued an Action Request to the Division requesting the Division to investigate the proposed revisions to Schedules 70 and 72. The Division is expected to file its response on April 24, 2007. The Company is requesting an effective date of May 1, 2007.

The Division and other interested parties have raised some issues in relation to the proposed revisions. The Company has agreed to convene a meeting to discuss these issues. However, the earliest that the interested parties could meet is April 26, 2007. The Commission has set the due date for the Division's response to its Action Request on April 24, 2007.

The Division is not sure of what the outcome of this meeting will be and would like to incorporate the outcome of the meeting into its memorandum to Commission. Therefore, the Division is requesting the Commission to extend the due date of the Division's response to Commission to April 30, 2007. In the mean time the Division recommends that the Commission suspend the program.
