ISSUED: November 9, 2011

By The Commission:

This matter is before the Public Service Commission on the request of Utah Clean Energy ("UCE") for an extension of time to file comments on the report of the Division of Public Utilities ("Division") concerning its participation in the Solar Incentive Program Workgroup.

The Division filed its report on November 8, 2011. According to UCE, Workgroup participants expected to have an opportunity to provide feedback regarding the final draft prior to the report filing due date of November 1, 2011. As of October 28, 2011, when UCE filed its request for an extension of time, the Division had not distributed its report to the participants.

Because the Division's report is the only public record of the Workgroup's efforts and presents only the Division's opinions and recommendations, all other participants should now have the opportunity to file comments on the report. Accordingly, UCE's request for an extension of time is granted. All Workgroup participants may file comments by November 22, 2011, addressing the Division's report and the Workgroup's activities.
