RE: Docket No. 07-035-T14

In the Matter of the Approval of Rocky Mountain Power's  
Tariff P.S.C.U No. 47, Re: Schedule 107-Solar Incentive  
Program.

Dear Ms. Meyer:

On March 29, 2013, Rocky Mountain Power (Company) filed its Solar Photovoltaic Incentive Program (Schedule 107) Annual Report for Program Year 2012 (2012 Report) with the Public Service Commission (Commission). The Office of Consumer Services (Office) identified a date that should be corrected in the 2012 report. Furthermore, the Office also discovered that four columns in Appendix 1 did not sum correctly regarding: 1) Incentive, 2), Total system-kW, 3) system kW eligible for incentive, and 4) Total System Cost (\$). The Company provided an explanation for the differences to the Office's analysis and provided clarifying information. These differences did not impact the requirements for the annual reports.

The Commission requests that the Company file an errata regarding the issues identified in the Solar Photovoltaic Incentive Program (Schedule 107) Annual Report for Program Year 2012. Once the errata is filed with the Commission, the Commission will acknowledge the Photovoltaic Incentive Program (Schedule 107) Annual Report for Program Year 2012.

Sincerely,

/s/ Gary L. Widerburg  
Commission Secretary
