Re: Docket No. 07-035-T14, **Compliance Filing** for Advice No. 07-14  
Schedule 107 Solar Incentive Program

On April 3, 2007, Rocky Mountain Power filed Schedule 107 - Solar Incentive Program. A recommendation for approval with certain conditions was filed by the Division of Public Utilities (DPU) on June 15, 2007. Additional recommendations for approval with additional proposed conditions were filed by the Million Solar Roofs Project on June 22, 2007 and by the Committee of Consumer Services (CCS) on June 26, 2007. On July 13, 2007 Rocky Mountain Power submitted reply comments to respond to concerns or recommendations submitted by interested parties. On August 3, 2007, the Public Service Commission of Utah issued an Order approving the tariff with certain conditions including changes to language in Schedule 107.

Enclosed for filing are an original and two copies of the tariff sheets associated with Tariff P.S.C.U. No. 47 of Rocky Mountain Power applicable to electric service in the State of Utah with the language changes ordered by the Public Service Commission of Utah. Pursuant to the requirement of Rule R746-405D, Rocky Mountain Power (the Company) states that the proposed tariff sheets do not constitute a violation of state law or Commission rule. The Company will also provide an electronic version of this filing to [tbehr@utah.gov](mailto:tbehr@utah.gov). An effective date of August 3, 2007 is requested for these tariff changes.
