E: Docket No. 07-035-T14 The Solar Incentive
Program is a pilot program and will gather information on
the viability of a photo voltaic program funded by the
Company, participating customers and tax credit.

Dear Ms. Son:

The Commission requests PacifiCorp to review the suggestions raised in the July 23, 2009, Comments of the Office of Consumer Services (copy attached). Please respond and let the Commission know if the company would consider tariff changes, similar to those suggested, which may increase the number of attestation certificates received from participants.

Sincerely,

/s/ Julie Orchard
Commission Secretary
