Rocky Mountain Power (or the “Company”) hereby moves the Public Service Commission of Utah (the “Commission”) to enter a protective order in the form attached hereto as Exhibit A. Rocky Mountain Power requests that the Commission issue this protective order on an expedited basis. The grounds for this motion are as follows:

1. The Company has received written data requests requesting proprietary information of a third-party vendor that is protected from disclosure by contract. Rocky Mountain Power has obtained approval from the third-party to disclose the requested information subject to a protective order issued by the Commission.

2. The entry of a protective order on an expedited basis will expedite and facilitate the exchange of information by the parties by affording protection to this proprietary information, as well as other valuable, confidential, trade secret, and proprietary and competitive business information that may be requested in the future.

3. Rocky Mountain Power has attached a proposed protective order to this motion as Exhibit A. The proposed protective order is fair and equitable to all parties and provides the parties and the Commission with access to information while allowing for the protection of the integrity of information designated as confidential information or highly confidential information.

4. The proposed protective order is in substantially the same form as the Commission issued template for protective orders distributed by the Commission on August 8, 2007.

WHEREFORE, Rocky Mountain Power respectfully requests that the Commission enter the protective order in the form attached hereto on an expedited basis.

DATED this 20th day of August, 2007.

Respectfully submitted,

ROCKY MOUNTAIN POWER
