**PETITION FOR LEAVE TO INTERVENE  
OF UTAH CLEAN ENERGY**

---

Pursuant to Rule 63-46b-9 of the Rules of Practice and Procedure of the Utah Public Service Commission (“Commission”), Utah Clean Energy (UCE) hereby petitions for leave to intervene in the above-captioned docket and, in support thereof, states as follows:

1. Utah Clean Energy (UCE) is a state-based non-profit public interest group working to advance energy efficiency and renewable energy, and the economic and environmental benefits those resources provide, in the public policy and utility regulatory arenas in Utah. Through advocacy, education, and diverse partnerships, UCE advances renewable energy and energy efficiency. UCE seeks to partner with businesses, state and local government, and Utah citizens to support the adoption of clean energy and the efficient use of our energy resources.

2. UCE has a substantial interest in the above-captioned proceeding. Rate design proposals can encourage energy efficiency and conservation, as well as the need for, and timing and type of, new resources. By its intervention, UCE intends to address rate design issues that impact utility resource need and development. These are core issues of concerns for UCE.

3. Intervention by UCE will not unduly broaden the issues or delay the proceeding.

UCE's petition for leave to intervene is timely filed. UCE does not currently know what evidence, if any, it would present in this proceeding.

4. UCE requests that all pleadings, correspondence, discovery and other documents be served on the following:

Sarah Wright  
Executive Director  
Utah Clean Energy  
1014 2nd Avenue  
Salt Lake City, UT 84103  
801-363-4046
