RE: Docket No. 08-035-38  
In the Matter of the Application of Rocky Mountain Power for Authority to Increase Its Retail Electric Utility Service Rates in Utah and for Approval of Its Proposed Electric Service Schedule and Electric Service Regulations

The Commission's October 30, 2008 Order on Motion for Approval of Test Period in the above-referenced docket requires "Rocky Mountain Power to provide revised base case and test year information to reflect the test year selection" on before December 1, 2008.

The Committee understands the Commission's August 11, 2008 Order in Docket No. 07-035-93 to require the Company to provide complete responses to Master Data Requests A and B contemporaneous with the filing of a rate case application. Because timely receipt of this information is critical for an adequate analysis of this case, we request that the Commission clarify its October 30, 2008 Test Period Order by specifying that updated and/or amended MDR responses are to be filed by the Company with its revised rate case filing on or before December 1, 2008.
