I am against the full rate increase request that PacifiCorp is requesting for 2009 (\$45 million). While I do understand that rates need to be raised on a regular basis due to the cost of doing business I feel this hike is in excess, especially when so many people are facing economic hardship. As we have all had to do recently, I would respectfully ask you to go back to your budget and see where cost cutting measures can be implemented so that we may all benefit from a fair dollar amount increase.

Thank you for Your Consideration,
