ISSUED: April 21, 2008

By The Commission:

On October 24, 2007, the Utah Division of Public Utilities (“Division”) recommended the Commission consider a formal regulatory review process to address comments and issues on the report entitled “Assessment of Long-Term System-Wide Potential for Demand-Side and Other Supplemental Resources” (“DSM Potential Report”) prepared for PacifiCorp (“Company”) by the Quantec consulting group. This report was released on July 11, 2007, and was prepared to meet MidAmerican Energy Holding Company and PacifiCorp compliance with Transaction Commitment No. 44(a), Energy Efficiency and DSM Management, approved in Docket No.05-035-54.¹

Additionally, comments from the Division, Committee of Consumer Services and Western Resource Advocates filed in Docket No. 07-2035-01, “In the Matter of the PacifiCorp 2006 Integrated Resource Plan,” recommended the DSM Potential Report be evaluated in either a formal proceeding or through technical conferences. Based on these recommendations, we hereby open this docket for the purpose of examining the report. We request comments from
