Re: Docket No. 08-035-42—Certificate of Convenience and Necessity for
Populus to Terminal Transmission Line Project

Dear Commissioners:

Pursuant to the Commission's Order dated September 4, 2008, the purpose of this letter is to inform you that all necessary consents, permits and/or conditional use permits have been obtained from governmental entities in Utah that are affected by the construction of the line.

Specifically, the Company hereby attests that it has obtained the necessary consents from Box Elder County, Brigham City, Willard City, and the Town of Ellwood.

We are prepared to file copies of these consents with the Commission if you so desire or, alternatively, to make them available for the Division of Public Utilities and the other parties to review. Please inform us if you wish to have the consents filed with the Commission.

Sincerely,

R. Jeff Richards
