RE: Proposed Modifications to Performance Standards and Customer Guarantees (Dockets No. 05-035-54 and 08-999-02).

In the attached filing the company has made changes to the proposed Network Performance Standards filed on June 4, 2008. The controllable distribution System Average Interruption Duration Index (Network Performance Standard 1) and the controllable distribution System Average Interruption Frequency Index (Network Performance Standard 2) target levels to be achieved by December 31, 2011 have been modified. New target levels proposed to be achieved by December 31, 2011 are calculated and predicated upon adequate rate relief during the program term.
