Joint DPU&CCS Data Request 1.9 – 1st Supplemental

Joint DPU&CCS Data Request 1.9

Please provide additional information concerning the timeline of the negotiations with Summit and CH2M Hill and the costs that have been incurred to date by the Company as a result of the 2012 RFP.

1st Supplemental Response to Joint DPU&CCS Data Request 1.9

Further to the Company's response to Joint DPU&CCS Data Request 1.9 dated March 18, 2009.

Costs incurred to date for the Utah and Oregon Independent Evaluators (IE) in connection with RFP 2012 are approximately \$434,128. The Utah IE component of the above includes costs related to other RFPs; thus the above amount is somewhat overstated, however is the best information currently available. IE costs will largely be recovered through bidder fees; the amount of recovery of RFP 2012 IE costs from bidder fees is not currently known.
