	<i>*Plus measures must be installed in conjunction with a qualifying Base package to be eligible for incentives</i>	
	<i>**PTAC units which exceed federal minimum standards may be substituted for SEER 13 AC units</i>	

COOPERATIVE MARKETING: In addition to builder incentives listed in Tables 1 and 2, participating builders will be offered the opportunity to participate in a cooperative marketing fund administered by the ENERGY STAR New Homes Program. Participating builders will be expected to pay for a percentage of qualifying Rocky Mountain Power ENERGY STAR New Homes program advertisements and/or promotions with the balance and the Program will provide the remainder of the funds. The formula for the builder contributions will be contained in the Cooperative Marketing Agreement. There is a limited amount of funds and they will be distributed on a first come-first served basis.

PROVISIONS OF SERVICE: To be eligible for incentives, builder must comply with all terms and conditions of the builder participation agreement and submit all required information on individual application forms, including back-up documentation, by the 2008 Application Deadline.

Qualifying equipment installed on or after January 1, 2008 is eligible for incentives in Tables 1 and 2 if all required information, including back-up documentation, is submitted by the Application Deadline.
