DATE: October 23, 2008

RE: PacifiCorp 08-035-T05

Recommendation: Approve Tariff

ISSUE:

Rocky Mountain Power (RMP) filed proposed changes to Electric Service Regulations on July 15, 2008. The Division filed a memorandum with the Public Service Commission on August 5, 2008 recommending approval of the tariff with suggested changes. The Public Service Commission suspended the filing and asked RMP to address whether the proposed changes would constitute a rate increase, as defined in Utah Code Section 54-7-12(1)(b).

RMP filed new documents on September 23, 2008 which included the additional revisions, corrections and clarifications recommended by the Division of Public Utilities and the Committee of Consumer Services. RMP also addressed the Commission's concern that the proposed changes did not constitute a rate increase for customers.

The Division has reviewed RMP's filing dated September 23, 2008 and recommends that the Commission approve the filing.
