**Dispatchable Irrigation Load Control Credit Rider Program**

**PURPOSE:** This optional tariff allows Customers to participate in a dispatchable control service interruption program in exchange for a Load Control Service Credit (LCSC). Customers participating in this program will be considered participants in the Irrigation Load Control Credit Rider program.

**PARTICIPATION:** Prior to participation, and in order to qualify under this Schedule, Customers must execute a Load Control Service Agreement (LCSA) with the Company. Participants in the dispatchable program will be considered program participants for subsequent years unless the Customer explicitly communicates the desire to no longer participate in the Load Control Credit Rider program.

**APPLICABLE:** To qualifying Customers served on Schedule 10 and who have continuous access to the Internet from May 1 through September 15. In addition, Schedule 10 Customers participating in the dispatchable program must:

- (a) Meet minimum irrigation equipment motor load size of 10 Hp. The Company may evaluate individual pumps or motors smaller than 10 Hp to determine if participation is cost-effective or necessary because such pumps are part of a larger participating system.
- (b) Use advanced 2-way remote control equipment as specified by the Company to manage ALL pumping requirements throughout the Irrigation Season (June 1 through September 15).
- (c) Participate in Company-defined training to set up their pump sites for dispatch.
- (d) Incur air time communication charges for communication transactions exceeding 70 per month. Charges for communication transactions in excess of 70 per month will be deducted from the Customer's LCSC.

**IRRIGATION SEASON:** This rider is applicable only during the Irrigation Season from May 25 to September 15, annually.
