

ELECTRIC SERVICE SCHEDULE NO. 96A – Continued

(N)

LOAD CONTROL SERVICE AGREEMENT: The Customer and Company will execute a LCSA for irrigation load control participation. The LCSA shall specify the Load Control kW amount that each of the Customer’s sites shall curtail during each Dispatch Event. The agreement will also include typical costs that the Customer may incur for Early Termination. Once executed, the agreement shall remain in force for subsequent Irrigation Seasons unless explicitly canceled by the participating Customer. Cancellation of an existing LCSA may occur only between September 16 and May 24 each year.

LOAD CONTROL SERVICE CREDIT: The LCSC for a participating site shall be calculated and issued to the participating customer in the form of a check, or at the discretion of the Company, as a credit against the participating site account if an outstanding account balance exists at the time of credit issuance. The LCSC will be issued no later than October 31 following each irrigation season. The LCSC is composed of a Fixed Annual Participation Credit that shall remain fixed throughout the Irrigation Season each year. The LCSC shall be computed at the conclusion of the Irrigation Season by multiplying the Fixed Annual Participation Credit times the Load Control kW at the Schedule 10 metered pump site. The Load Control kW shall be computed by taking the most recent 2-year demand (kW) average for that particular site. In situations where the pump has been replaced and/or re-wound the kW shall be computed by taking the manufacturer’s revised nameplate Hp and converting it to kW using standard engineering conversion metrics.

The Fixed Annual Participation Credit for 2009 is based upon total program participation volumes as defined in the table below (Participation Credit Schedule). The participation credit is increased for each tier of program participation volume to encourage participation in the program.

Participation Credit Schedule

Program Participation Volumes (MW)	Participation Credit (\$/kW-yr)
Less than 36	\$23.00
36 to less than 45	\$26.00
45 or greater	\$28.00

SCHEDULE:

Notification of Credit: The Company will provide notification of the total LCSC to all eligible Schedule 10 customers by February 15 each year.

Load Control Service Agreement: Concurrent with the Notification of Credit referenced above, the Company will provide a LCSA listing the amount of the credit the Customer will receive for the irrigation season if they elect to participate in the program. Customers who have not previously entered into a LCSA with the Company and who desire to participate in this load control program shall sign the LCSA and return it to the Company by April 15 to indicate their participation.
