Date: August 5, 2009

**Subject:** Docket No. 09-028-T01 Corrected Net Metering Service Schedule No. 33,  
Action Request dated August 4, 2009.

**ISSUE:**

Garkane Energy Cooperative, Inc., (Garkane) filed with the Utah Public Service Commission, (PSC) a corrected Net Metering Rate Schedule No. 33.

**RECOMMENDATION:**

The Division recommends that the PSC acknowledge Garkane's corrected Net Metering schedule, with an effective date of July 1, 2009, and make it available for public inspection.

**DISCUSSION:**

Per the Division's memo to the PSC dated July 29, 2009 in Docket No 09-028-T01, Garkane filed new rate schedules with an effective date of July 1, 2009. The Net Metering Schedule No. 33 included in the first filing inadvertently omitted Item No. 11 under the Applicability Section in that schedule. Garkane has now submitted the corrected Net Metering Schedule No. 33, which includes Item No. 11 under the Applicability Section, for acknowledgement by the PSC.

Item No. 11 states the cost of the In/Out Directional Meter will be paid for by the customer prior to installation and, as with the previous revision, the Monthly Base rate charge of \$14.00 has been removed.

Per the Division's memo dated July 29, 2009, Garkane's Board of Directors approved this schedule at their regularly scheduled board meeting held on June 22, 2009. A public hearing was also held on June 22, 2009 at Garkane's business office in Hatch, Utah to discuss the changes to members.

The Division recommends the PSC acknowledge Garkane's corrected Net Metering Schedule No. 33, effective July 1, 2009, replace the previous schedule No. 33 included in this Docket and make the corrected Schedule No. 33, which includes Item No. 11 in the Availability Section, available for public inspection.
