Re: Docket No. 09-035-15, Application of Rocky Mountain Power for Approval of its Proposed Energy Cost Adjustment Mechanism; and Docket No. 17-035-01, Application of Rocky Mountain Power to Decrease the Deferred EBA Rate through the Energy Balancing Account Mechanism

To Whom It May Concern:

In Public Service Commission (PSC) Docket No. 17-035-01, the PSC requested comments relative to the report the PSC is required to submit under Utah Code Ann. § 54-7-13.5(6). To facilitate broad distribution of our request for comments, the request was issued in PSC Docket No. 17-035-01, but was also referenced in PSC Docket No. 09-035-15.

Some parties submitted their comments with headers indicating both docket numbers. To maintain one source of all comments and avoid a docket with only a partial record, all comments on the 2017 PSC report required by Utah Code Ann. § 54-7-13.5(6) have been posted only in PSC Docket No. 17-035-01.
