Date: January 18, 2022

Re: **Docket No. 09-035-15**, Rocky Mountain Power's Application to Establish an Interim Rate Process in the Energy Balancing Account.

Request for Extension

On December 10, 2021, the Public Service Commission of Utah ("Commission") issued an Action Request to the Division of Public Utilities ("Division") for review of Rocky Mountain Power's application to establish an interim rate process in the energy balancing account with a due date of January 10, 2022. Subsequently, the Commission issued a Notice of Filing and Comment Period moving the comment due date to January 18, 2022.

The Division is in the process of determining and requesting the information necessary to comply with the Commission's request and finds that additional time will be required to complete this review. The Division will file a report as soon as practicable but no later than January 20, 2022. Therefore, the Division requests the Commission extend the due date to January 20, 2022.

Cc: Jana Saba, Rocky Mountain Power
