Subject: Application for Energy Cost Adjustment Mechanism of Rocky Mountain Power,
Docket No. 09-035-15.

Date: March 19, 2009

Rocky Mountain Power (Company) has requested that the Utah Public Service Commission (Commission) approve its proposed Energy Cost Adjustment Mechanism (ECAM). The Company seeks approval of the ECAM in order to better balance Net Power Costs (NPC) responsibility between Company and customers.

The Company filed for approval of its proposed ECAM on March 16, 2009. In response the Commission issued an Action Request on March 17, 2009, to the Division of Public Utilities (Division). An explanation and statement of ECAM issues will need to be developed by the various interested parties. The Division requests that the Commission set a Scheduling Conference at the earliest opportunity. The Division will participate according to the Scheduling Order.
