UIEC Data Request 18.4

Please state the number of wheeling transactions RMP/PacifiCorp entered into or will enter into in 2010 for delivery of power in 2010. Is that number typical of the number RMP/PacifiCorp enters into for wheeling transactions in a particular year? If not, what is typical?

Response to UIEC Data Request 18.4

In 2009, the Company utilized approximately 450,816 different third-party wheeling reservations. In 2010 year-to-date, the Company has utilized approximately 266,122 different third-party wheeling reservations and anticipates utilizing approximately 350,000 different third-party reservations in total for the calendar year 2010. These numbers are typical of PacifiCorp's recent past.
