Re: In the Matter of the Application of Rocky Mountain Power for Approval of its Proposed Energy Cost Adjustment Mechanism Docket 09-035-15 – Request for Extension of Time for Filing Tariff.

Dear Commissioners:

Rocky Mountain Power hereby requests the Commission's approval for an additional 30 day extension of time to file its compliance tariff in Docket No. 09-035-15. The Commission's Order dated March 3, 2011 requires the compliance tariff to be filed by April 4, 2011. On March 31, 2011, the Company requested an extension and indicated its intention to file the compliance tariff concurrent with a Petition for Clarification in this docket by April 15, 2011.

Because of the preparation of the Petition and other regulatory workload requirements the Company has been unable to prepare and complete the necessary internal review of the compliance tariff. In addition, given that the implementation of the ECAM does not begin until after the Commission issues its order, in approximately September 2011, in the current Utah General Rate Case, Docket 10-035-124, approving the Company's request for an extension would not be detrimental to any party.

Rocky Mountain Power appreciates your consideration of this request. If you have any questions, please feel free to contact me at 801 220 4050 or Dave Taylor at 801 220 2923.

Best Regards,

Yvonne R. Hogle
