Artie Powell, Energy Section Manager  
Abdinasir Abdulle, Technical Consultant

Date: March 2, 2010

Re: Docket No. 09-035-23 – Phase II Direct Testimony of Abdinasir Abdulle –  
**CORRECTION**

The Division is hereby submitting replacement pages and exhibits for the Phase II direct testimony of Dr. Abdinasir Abdulle. The Division has learned that, in calculating the bill impacts of the Division proposed and alternative rate designs, it used the wrong number for the residential DSM cost adjustment, 2.16%. The correct number that should be used is 4.82%.

The Division recalculated the bill impact of its proposed and alternative residential rate designs. The results of these calculations are slightly different than what was shown in DPU Exhibits 15.6 and 15.8 Phase II. Attached are two Exhibits containing the results of the correct calculations.

Furthermore, Dr. Abdulle's discussion of these bill impacts in his testimony, DPU Exhibit 15.0 (page 15, lines 292 and 293 and page 17, lines 324, 326, and 327) will have to change to reflect these changes. Replacement pages for pages 15 and 17 of Dr. Abdulle's testimony are also attached.

The Division would like to point out that these changes are small in magnitude and would not change any of the Division's conclusions or recommendations.

CC: All participants of Docket No. 09-035-23
