II. RESPONSE TO MOTIONS.

The Office has reviewed Rocky Mountain Power's motion for approval of an amendment to the electric service agreement that was approved in Docket No. 09-035-55. The Office has reviewed Rocky Mountain Power's application for approval of a second electric service agreement in Docket No. 11-035-17. The Office has also reviewed and with counsel for Milford Wind, discussed Milford Wind's motions for interim relief or in the alternative, expedited hearings upon the motion to amend and application for approval.

The Office and its assigned Assistant Attorney General are not available to participate at the January 26, 2011 hearing on Milford Wind's motions. However, from the motions and information provided by Milford Wind's counsel, the Office has concluded that Milford Wind is entitled to expedited consideration of the motions for interim relief. Further, the Office has concluded that granting Milford Wind interim relief as requested is in the public interest. The Office has not identified within the pleadings filed by Milford Wind and Rocky Mountain Power, any substantial grounds for opposing interim relief.

The Office's position upon interim relief is conditioned upon the Commission considering the merits of Rocky Mountain Power's motion for approval of an amendment to the electric service agreement in Docket No. 09-035-55, and application for approval of a second electric service agreement in Docket No. 11-035-17, only in regular proceedings to be scheduled and conducted in accordance with the Commission's procedures and practices.

DATED this 26th day of January 2011.

Paul H. Proctor
Assistant Attorney General
Utah Office of Consumer Services
