RE: Docket No. 09-035-T04. Compliance Tariff Sheets Reflecting the Commission's Order for Schedule No. 111 – Home Energy Savings Incentive Program.

---

**RECOMMENDATION (Approval)**

The Division of Public Utilities (Division) recommends that the Commission approve Rocky Mountain Power's (Company)'s revised tariff sheets reflecting the incentive levels and effective date ordered by the Commission for Schedule 111, Home Energy Savings Incentive Program for the State of Utah.

**ISSUE**

On April 27, 2009, the Commission issued an order under this docket that required the Company to revise the Customer Incentives and the Program Effective Date contained in Tariff Sheets No. 111.3 and 111.4, Schedule 111, Home Energy Savings Incentive Program. Specifically, the Commission ordered that the tariff's insulation incentive measures be revised as follows:

<b>Insulation Measure</b>	<b>New Tariff</b>
Attic/Ceiling - install minimum of R-19	\$0.20/SF for Electrically Cooled Residences \$0.30/SF for Electrically Heated Residences
Floor - install minimum of R-19	None for Electrically Cooled Residences \$0.25/SF for Electrically Heated Residences
Wall - install minimum of R-11	\$0.30/SF for Electrically Cooled Residences \$0.45/SF for Electrically Heated Residences

The revised insulation measures contained in the tariff match these Commission-ordered incentive levels. In addition, the revised tariff sheets list the ordered effective date of June 1, 2009, as per Commission order.

The Division believes that the Company's revisions to Tariff Sheets 111.3 and 111.4 are in compliance with the Commission's April 27, 2009 order under this docket and should therefore be approved.
