Subject: Compliance Tariffs, Docket No. 08-035-38. **(Cross Reference 09-035-T09)**

Date: June 23, 2009

This filing was submitted in compliance with the Utah Public Service Commission's (Commission) Bench Order of June 15, 2009 on the Stipulation in the Cost of Service and Rate Spread and Rate Design – Phase II in Docket No. 08-035-38. As ordered by the Commission, Rocky Mountain Power (Company) requested an effective date of June 16, 2009 for the proposed tariff pages associated with P.S.C.U. No. 47, as well as two associated tariff index sheets. The Company also requested the cancellation as of June 16, 2009 of the tariffs associated with Schedules 23B and 98.

The Division of Public Utilities (Division) has reviewed the proposed tariff pages and confirmed the different percentage increases match those in the Stipulation, although two minor errors were detected. The Division believes that, according to the Stipulation, the Schedule No. 1 Energy Charge, May through September inclusive should be 7.5292 cents per kWh first 400 kWh, not 7.5295 cents. The Division understands that the Company will re-file this tariff sheet. In addition, in the Company's cover letter, "First Revision of Sheet No. 1.1" is listed twice for Schedule 1. The second one should be 1.2 rather than 1.1.
