RE: Advice No. 09-10  
Schedule 113 – Evaporative Cooling and Central Air Conditioning Incentive  
Program (Cool Cash Incentive Program)

Enclosed for filing are an original and two copies of proposed tariff sheets associated with Tariff P.S.C.U No. 47 of PacifiCorp, d.b.a Rocky Mountain Power, applicable to electric service in the State of Utah. Pursuant to the requirement of Rule R746-405D, Rocky Mountain Power (the “Company”) states that the proposed tariff sheets do not constitute a violation of state law or Commission rule. The Company will also provide an electronic version of this filing to [tbehr@utah.gov](mailto:tbehr@utah.gov). The Company is requesting an effective date of August 22, 2009 for these changes.

Fourth Revision of Sheet No. 113.3      Schedule 113      Evaporative Cooling and Central  
Air Conditioning Incentive Program  
(Cool Cash Incentive Program)

The purpose of this filing is to request a tariff language modification in the Company’s Cool Cash program tariff (Schedule 113). In its order in Docket No. 09-035-T05, the Commission directed the Company to work with the Office of Consumer Services (OCS) to address concerns raised by the OCS in that docket regarding language included in the tariff which describes the number of incentives a customer is eligible to receive through the program. The OCS recommended that the language be clarified to more precisely describe the limitations. Pursuant to the Commission’s order, the Company has worked with the OCS to develop language which further clarifies the number of incentives a customer is eligible to receive through the program. The attached tariff sheet reflects the revised language.
