Note 1. Reduced price CFL offer may end early if entire CFL allocation is sold prior to end date.

Note 2. Available only to customers with permanently installed ducted electric furnaces, heat pumps or zonal electric heat systems serving at least 80% of the floor area and used as the primary heat source of the residence. Insulation must be fully installed prior to submitting application and incentive may not exceed project cost.

Note 3. Customers with both electric heat and electric cooling are eligible for the incentives listed in the “Residences with Electric heat” section only.

Note 4. Available only to customers with permanently installed mechanical (compressor based) central cooling equipment with duct systems serving at least 80% of the floor area. Insulation must be fully installed prior to submitting application and incentive may not exceed project cost.

Note 5. Available only to customers with ducted electric heat systems or ducted unitary cooling equipment serving 80% of the floor area. Incentive may not exceed project cost.

Note 6. Recycling incentives are only available for equipment being replaced with Qualifying Equipment receiving an incentive through this program.
