RE: Request for extension to refile update of Electric Service Schedule No. 37, Avoided Cost Purchases From Qualifying Facilities (Docket 09-035-T14)

On August 4, 2009, Rocky Mountain Power filed an update to the avoided cost pricing in Schedule No. 37, Avoided Cost Purchases from Qualifying Facilities. On September 30, 2009, the Commission issued an order not approving the rates as filed. In that order, the Commission directed Rocky Mountain Power to provide additional information and clarification and refile as necessary within two weeks Schedule No. 37 rates and tariff sheets.

Rocky Mountain Power is currently preparing the information requested in the Commission's order, but has not yet completed that work. Rocky Mountain Power, therefore, respectfully requests an extension of time of one week to make the requested filing.

Very truly yours,

Jeffrey K. Larsen
Vice President, Regulation
