Subject: Fwd: Rocky Mountain Power's Rate Increase

Docket No. 10-035-124

>>> [REDACTED] > 4/5/2011 6:16 AM >>>

I was under the impression the public service commission was to equally represent in a fair and impartial manner, the interests of the public AND the utility companies. However, since the demissal of Mr. Ball, this has not been the case. The utility companies in Utah are running AMOK with unwarranted and unjustied increases. The impact is enormous on the working citizens of this state, while the profits of companies rise to obscene levels. Please have the courage to deny rate increases to companies which are making hefty profits. Questar did not warrant an increase nor does Rocky Mountain Power.
