Rocky Mountain Power seeks to hike the rates by \$117m.

In the last two years my bill has jumped from \$64.⁰⁰ to \$110.⁰⁰. I receive one social security check a month - my tax notice this year is listed to be more than my payment.

It would be easier if the payments could be the same amount every month. One month it may be \$95.⁰⁰ and the next \$111.⁰⁰.

I'm not asking for charity even if being eighty-four and getting by.

Sincerely
Edward M. Kohler
