Attention: Julie P. Orchard, Commission Secretary

Re: Docket 10-035-126

Dear Commissioners:

The purpose of this letter is to respond to your request for Rocky Mountain Power to submit the final All Source Request for Proposals ("All Source RFP") from which CH2M Hill Lake Side 2 was chosen as the winning bid and a copy of an officer verification that the Company complied with the All Source RFP.

As part of its application for approval of a significant energy resource decision in the abovementioned docket filed with the Commission December 21, 2010, Rocky Mountain Power submitted to the Commission as Attachment 1 to the application, the following link, <http://www.pacificorp.com/sup/rfps/2009asr.html>, representing the final All Source RFP issued to the market on December 2, 2009. Attached for your convenience is a paper copy of the final All Source RFP.

As to your second request, Rocky Mountain Power also submitted to the Commission its Officer's Acknowledgement as Attachment 14 to its initial application, pursuant to Rule 746-430-2 (1)(c) which states, in part:

When an Affected Utility files a request to approve a Significant Energy Resource pursuant to Section 54-17-302, the utility shall include with its request, the following: ... (c)(v) A signed acknowledgement from a utility officer involved in the solicitation that to the best of his or her knowledge, the utility fully observed

and complied with the requirements of the Commission's rules or statutes applicable to the solicitation process.

For your convenience, Rocky Mountain Power attaches herewith a copy of the Officer's Acknowledgement.

Please contact me at 801.220.4050 or Dave Taylor at 801.220.2923 if we have misunderstood your requests or if you have any further questions regarding this matter.

Sincerely,

Yvonne R. Hogle
Senior Counsel
