

Addendum to the Rebuttal Testimony of Cheryl Murray
for the Office of Consumer Services

Docket No. 10-035-126

March 17, 2011

Today the Office of Consumer Services received the supplement direct testimony of Division of Public Utilities witnesses Charles Peterson and Richard Hahn. This testimony presents numbers which differ significantly than those presented in the original direct testimony of these witnesses. In order to conform to the Commission's schedule in this docket the Office has not had an opportunity to analyze these numbers and therefore intends to address them in surrebuttal testimony.
