Subject: RMP/Toole County Petition for Review for Consideration by the Utility Facility Review Board Docket No. 10-035-39 (Action Request)

Date: April 21, 2010

On March 30, 2010, the Tooele County Commission denied Rocky Mountain Power's (Company) application for a conditional use permit for the construction of the Mona to Oquirrh Transmission Project. On April 8, 2010, the Company filed its Petition for Review before the Utility Facility Review Board under the authority of Utah Code §§54-14-101 et seq. The Company's petition requests expedited treatment of the review and was filed with accompanying supporting testimony by Mr. Darrell T. Gerrard and Mr. Brandon D. Smith. The Division received an Action Request on April 13, 2010 in this matter.

The Division's attorney and management attended the Commission's Scheduling Conference on April 15, 2010. The Commission issued its Notice of Procedural Schedule on April 20, 2010. The Division's attorney intends to file a request to have a second public witness day for non-Tooele county residents, to be held in the Commission's hearing room.

The Division worked with Commission staff and have completed an RFP for a consultant if needed for the review process. In addition, we have a contract completed and in place. The Division will participate as needed and as requested by the Utility Facility Review Board. In light of the above, the Division requests that this Action Request be closed.
