To whom it may concern:

I am opposed, as is my family and all I know, to the proposed route through the East side of the valley of Tooele and through the "view shed" of Tooele. Other alternate routes have been proposed that make more sense all the way around but which have not been looked at or even considered by RMP. We ask that you please consider the other routes that would be less damaging to our area.

I do know that you have all of the points made by the Tooele County Planning and Zoning – all of which I agree with.

Thank you.

Jeff England
