Existing Condition – Viewing east toward the North Oquirrh Management Area (NOMA).

Simulated Condition – Typical 345kV transmission line crossing the NOMA.

View Location: East end of Pine Canyon Road.

Photo Date: 12-12-08  Time: 3:26 p.m.
Structure models that were used in the simulations were created using diagrams provided by Rocky Mountain Power. This simulation represents a schematic concept design that will be refined and finalized. Actual final structure sizes, heights, materials, and conductor sag will vary on a case-by-case basis.
