To: Public Service Commission Utility Facility Review Board psscal@utah.gov
Re: Docket #10-035-39 RMP Appeal CUP Denial South East Bench Route by Tooele County
Mona to Oquirrh 345kv/500kv High Voltage Transmission Line Project
From: Tooele Concerned Citizen's Representatives, Brad and Kaye Pratt

Attachment #8 is "The Better Plan" Power Point Presentation with Professional Audio.

Several members of the Tooele and Grantsville Concerned Citizens groups who attended the Resolution Meetings held by RMP along with other members with electrical and engineering experience and education spent many hours creating the "Better Plan".

We request the Board Members watch "The Better Plan" that is 17 miles shorter, less expensive, and more efficient to operate than the current proposed plan by RMP.

Please access The Better Plan at www.youtube.com/tooelepower Watch Part 1 and Part 2.

Thank you
