UTAH PUBLIC
SERVICE COMMISSION

2010 MAY 11 A 7 35

215305

Dear Review Board of the Public Service Commission--

RECEIVED

Please, please find an alternative route for the planned power lines. I don't want them to be a feature of our little rural community. Besides the ugly appearance, I have had cancer twice and consider the lines a health threat not only to myself but to my children and grandchildren who live here. They should be put out in the desert where no one has to look at them or be influenced by them.

Sincerely,

Carolyn M. Grow
