Date: November 26, 2012

Subject: Request for extension to review for compliance and make recommendations on the Demand-side management reports pursuant to Commission order in Docket No. 09-035-T08 (Docket 10-035-57).

In its order in the above referenced docket dated August 25, 2009, the Public Service Commission (“Commission”) approved the Phase I stipulation agreed to by parties in that docket and filed with the Commission on August 3, 2009. As specified in the stipulation, Rocky Mountain Power (“Company”) is required to provide to the Commission and Demand-Side Management Advisory Group (“Advisory Group”) by November 1 of each year a forecast of expenditures for approved programs and their acquisition targets (in MWh and MW) for the next calendar year.

The Division has become aware that the Company will be filing a revised report with the Commission sometime this week. The Division has also requested addition information in this filing that it has not received and will need time to review this information. The Division requests a postponement of the action request response for two weeks after the Company files its revised report.
