Re: In the Matter of the Consolidated Applications of Rocky Mountain Power for Approval of Standard Reciprocal Non-Reciprocal Pole Attachment Agreements (Docket No. 10-035-97)

**RECOMMENDATION:** No action is required. The attached redlined standard contract is for informational purposes for the intervening parties.

**DISCUSSION**

On August 3, 2010, Rocky Mountain Power (“Company”) filed with the Public Service Commission (“Commission”) an application for approval of a Standard Reciprocal Pole Attachment Agreement (“Agreement”) as well as a Motion to consolidate the reciprocal and non-reciprocal (formerly Docket No. 10-035-43) pole attachment applications into one docket. On September 20, 2010, the Commission issued an Order Consolidating Applications and Second Amended Scheduling Order in a new docket, Docket No. 10-035-97. The Division was asked to file a redline version of the Safe Harbor Agreement approved by the Commission in Docket No. 04-999-03 compared to the Standard Reciprocal Pole Attachment Agreement filed by the Company on August 3, 2010. Attached to this memo please find the redlined contract as described in the Commission’s September 20, 2010 Order.

The Division files this redlined version of the contracts for informational purposes in order to facilitate the process of reviewing the two contracts by the intervening parties and in preparing comments. Consistent with the Commission's Order, the Division will file a summary matrix of issues on or before October 5, 2010.
