RE: Advice No. 10-05,
Docket Number: 10-035-T05, "In the Matter of: The purpose of this filing is to propose changes to the Home Energy Savings program, which is offered through Schedule 111."

Dear Messieurs Lively and Solander:

Regarding Rocky Mountain Power's ("Company") July 26, 2010, cover letter and revised tariff sheets filed in Docket No. 10-035-T05, the Division of Public Utilities filed a Memorandum on August 26, 2010, recommending the Commission approve the Company's compliance filing effective September 1, 2010. The Division indicated the Company's revised tariff sheets were filed in a timely manner and reflect the Commission's July 19, 2010, Report and Order.

The Commission has reviewed the Company's proposed tariff revisions, the Division's Memorandum, and the Company's revised tariff sheets. Now therefore, the revisions, with an effective date of September 1, 2010, are approved by the Commission.

Sincerely,

/s/ Julie Orchard
