
ROCKY MOUNTAIN POWER
ELECTRIC SERVICE SCHEDULE NO. 31

STATE OF UTAH

Back-Up, Maintenance, and Supplementary Power

AVAILABILITY: At any point on the Company's interconnected system in the state of Utah where there are facilities of adequate capacity. This Schedule shall not be available to Customers who extend their electric facilities for service to other Customers or premises or who resell electric service to any other person or entity, except in accordance with Utah Code Annotated 54-1-1 et. seq. This Schedule is available to Customers who obtain any part of their usual or regular electric requirements from self-generation operating on a regular basis and who require Back-up or Maintenance Power from the Company not in excess of 10,000 kW. Customers must provide at least six (6) months written notice prior to the date upon which they wish to begin electric service on this Schedule. In cases where less than six (6) months notice is given, the Company may not be able to obtain and install necessary metering equipment and shall, during that time, be under no obligation to allow Customers to receive service under this rate. However, if the Company is able to install such metering equipment during the six month period, the Customer shall be permitted to receive service under this Schedule subsequent to the time of that installation. Customers contracting for no Back-up Power shall not be subject to this Schedule and shall receive electric service under the applicable general service schedule. (C) (C)

APPLICATION: This Schedule is for alternating current, single or three-phase electric service supplied at the Company's available voltage through a metering installation at a single point of delivery for Supplementary, Back-up and Maintenance Power service.
