Date: July 14, 2010

RECOMMENDATION (Approval)

The Division recommends approval of the proposed changes to the Availability paragraph of Schedule 31 as set forth in Rocky Mountain Power's filing on July 9, 2010.

ISSUE

On June 7, 2010, the Rocky Mountain Power (Company) filed proposed changes to the Availability paragraph on page one of Schedule 31, which is the schedule for Back-up, Maintenance, and Supplementary Power (Application). On June 23, 2010 the Division responded suggesting minor wording changes. These changes were acceptable to the Company and the Company re-filed the proposed modified tariff on July 9, 2010 with the suggested changes. Therefore the Division has no further concerns with this tariff proposal and recommends that the Commission approve the proposed changes to the Company's Schedule 31 as filed on July 9.
