Re: Advice No. 10-11 – Compliance Filing, H.B. 145  
Schedule 135, Net Metering Service

In the 2010 General Session House Bill 145, Renewable Energy Financing Provisions passed the Utah State Legislature. H.B. 145 modified 54-2-1 the Definition Section of the Utah Statute, 54-15-102 Net metering of Electricity and the addition of 54-15-108. Rocky Mountain Power files proposed changes to Schedule 135, Net Metering Service. These changes allow for alternative ownership of the generation facilities for certain eligible entities.

Enclosed for filing are an original and two copies of the proposed changes to tariff page one associated with Tariff P.S.C.U. No. 47 Utah Schedule 135. The Company will also provide an electronic version of this filing to [psc@utah.gov](mailto:psc@utah.gov).

Fourth Revision of Sheet No. 135-1                      Schedule 135                      Net Metering Service

It is respectfully requested that all formal correspondence and staff requests regarding this matter be addressed to:
