Re: Revision of Rules

To Whom It May Concern,

On November 9, 2010, Mt. Wheeler Power Inc. revised the following rules

Rule 6 Discontinuance, Restoration and Refusal of Service

The revision to Mt. Wheeler Power's Rule 6 is once again our corrective action to address items that have the potential to impact our electric distribution system in a negative manner. Primarily correlated to harmonics and system conditions that may arise that deteriorate safety, as well as the quality of electric service delivered to our members. In the end, giving us the ability to mitigate the costs of those impacts. We would like to submit this change for your approval and apologize for the lateness in getting it to you.

If you have any questions, please give me a call at 775-289-8981 ext 125.

Sincerely,

Shellie Watts
Finance/HR
