Re: In the Matter of the Application of Rocky Mountain Power for Approval of the Power Purchase Agreement between PacifiCorp and US Magnesium LLC

Rocky Mountain Power hereby submits for filing to the Public Service Commission of Utah ("Commission") an original and five (5) copies of its Application for Approval of the Power Purchase Agreement between PacifiCorp and US Magnesium LLC.

Informal inquiries may be directed to Dave Taylor at (801) 220-2923.

Sincerely,

A handwritten signature in black ink, appearing to read "Jeffrey K. Larsen". The signature is fluid and cursive, written over the printed name.

Attorney for Rocky Mountain Power

BEFORE THE PUBLIC SERVICE COMMISSION OF UTAH

In the Matter of the Application of)	
ROCKY MOUNTAIN POWER)	
for Approval of Power Purchase)	DOCKET NO. _____
Agreement between PacifiCorp)	
and US Magnesium LLC)	APPLICATION OF
)	ROCKY MOUNTAIN POWER
)	

Pursuant to Utah Code Ann. § 54-12-2, PacifiCorp, doing business in Utah as Rocky Mountain Power (“Rocky Mountain Power” or “Company”) hereby applies for an order approving Power Purchase Agreement (“Agreement”) between PacifiCorp and US Magnesium LLC (“US Mag”) dated October 18, 2011. In support of its Application, Rocky Mountain Power states as follows:

1. Rocky Mountain Power is a public utility in the state of Utah and is subject to the jurisdiction of the Commission with regard to its rates and service. Rocky Mountain Power also provides retail electric service in the states of Idaho and Wyoming. As a “purchasing utility,” as that term is used in Utah Code Ann. §54-12-2, PacifiCorp is obligated to purchase power from qualifying facilities pursuant to the Public Utility Regulatory Policies Act of 1978, Utah Code Ann. §54-12-1, *et seq.*, and the Commission’s orders. Under the Agreement, US Mag represents

itself to be a qualifying facility, and agrees to provide PacifiCorp, upon request, with evidence to show its qualifying facility status.

Informal inquiries may be directed to Dave Taylor, Utah Regulatory Affairs Manager, at (801) 220-2923.

3. In Docket No. 03-035-14, *In the Matter of the Application of PacifiCorp for Approval of an IRP-Based Avoided Cost Methodology for QF Projects larger than One Megawatt*, the Commission issued a series of Orders, which established avoided capacity and energy cost payments for purchases from QF projects larger than one megawatt, such as US Mag's, under contracts with PacifiCorp with terms up to 20 years.

4. The Agreement provides for the sale to PacifiCorp of energy to be generated by US Mag up to 45.0 MW, from a natural gas-fired cogeneration facility constructed by US Mag and located in Rowley, Utah (the "Facility"). A copy of the Agreement is attached to this Application as Exhibit A. The Agreement is for a term of 12 months: January 1, 2012, to December 31, 2012.

5. The purchase prices set forth in the Agreement were calculated using the methodology approved in Docket No. 03-035-14.

6. The Facility is located in Rowley, UT in an area served by Rocky Mountain Power. All interconnection requirements have been met and the Facility is fully integrated with the Rocky Mountain Power system.

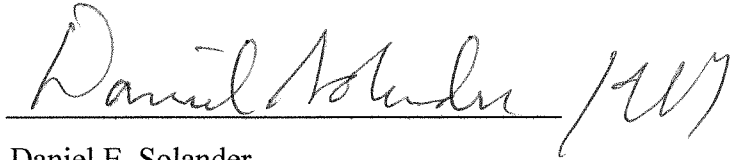

8. The Agreement constitutes a "New QF Contract" under the PacifiCorp Interjurisdictional Cost Allocation Protocol ("Protocol"), previously filed with the Commission pursuant to a stipulation in Docket No. 02-035-04. According to the terms of the Protocol, the costs of the QF provisions would be allocated as a system resource, unless any portion of those costs exceed the cost PacifiCorp would have otherwise incurred acquiring comparable resources.

9. The existing QF Power Purchase Agreement, dated September 21, 2010 (the "2011 Agreement") between PacifiCorp and US Mag expires on December 31, 2011. Therefore, the parties desire that no time lapse between the expiration of the 2011 Agreement and the approval of the Agreement for which approval is sought in this Application. Rocky Mountain Power respectfully requests that the Commission issue a scheduling order in this Docket as quickly as practicable, and requests that the Commission set this matter for hearing October 31, 2011.

WHEREFORE, Rocky Mountain Power respectfully request that the Commission issue an order approving the Agreement submitted herewith and finding the terms and conditions of the Agreement to be just and reasonable and in the public interest.

DATED this 25th day of October, 2011.

Respectfully submitted,

A handwritten signature in cursive script, reading "Daniel E. Solander", is written over a horizontal line. To the right of the signature, there are initials "JWS" written in a similar cursive style.

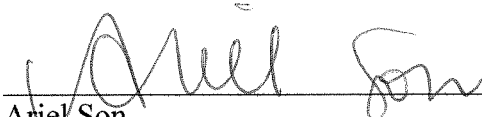

Daniel E. Solander
Attorney for Rocky Mountain Power

CERTIFICATE OF SERVICE

I hereby certify that on this 25th day of October, 2011, I caused to be served via electronic mail, a true and correct copy of the foregoing Application of Rocky Mountain Power to the following:

POWER PURCHASE AGREEMENT

BETWEEN

US MAGNESIUM LLC

AND

PACIFICORP

THIS AGREEMENT, entered into this 10th day of October, 2011, is by and between US Magnesium LLC ("Seller") and PacifiCorp (collectively, the "Parties").

RECITALS

Seller owns, operates and maintains magnesium production and related facilities, including an existing gas-fired generation facility ("QF Facility") for the generation of electric power located within the State of Utah, within the county of Tooele with a Nameplate Capacity Rating of 45,000 kilowatt (kW), and with an existing estimated normal maximum sustained output of approximately 36,000 kW; and

Seller intends to operate the QF Facility as a "qualifying facility," as such term is defined in Section 3.2.6 below.

Seller estimates that the average amount of Delivered Energy to be delivered by the QF Facility to PacifiCorp is 238,272 megawatt-hours (MWh), consistent with the scheduled maintenance as shown in Exhibit D hereto; and

Seller shall sell and PacifiCorp shall purchase the Delivered Energy from the QF Facility in accordance with the terms and conditions of this Agreement.

NOW, THEREFORE, the Parties mutually agree as follows:

SECTION 1: DEFINITIONS

When used in this Agreement, the following terms shall have the following meanings:

1.1 "Billing Period" means the time period between PacifiCorp's reading of its power purchase billing meter at the QF Facility in the normal course of PacifiCorp's business. Such periods typically range between twenty-seven (27) and thirty-four (34) days and may not coincide with calendar months, however, the Billing Period shall be consistent with other power sales or purchase agreements between the Parties.

1.2 "Commission" means the Public Service Commission of Utah.

1.3 "Contract Year" means a twelve (12) month period commencing at the hour ending (HE) 0100 Mountain Prevailing Time ("MPT") on January 1 and ending at HE 2400 MPT on December 31 of the calendar year.

1.4 "Delivered Energy" shall have the meaning ascribed thereto in Section 4.2 of this Agreement.

1.5 "Effective Date" shall have the meaning as set forth in Section 2.1 hereto.

1.6 "QF Facility" means Seller's gas-fired generation facility as described in Exhibit A of this Agreement.

1.7 "Generation Interconnection Agreements" means the generation interconnection agreements entered into separately between Seller and PacifiCorp's transmission department, providing for the construction and operation of the interconnection facilities at the Point of Delivery, which agreements are described in Exhibit C.

1.8 "Nameplate Capacity Rating" means the nameplate baseload capacity of the QF Facility, expressed in kW, when operated consistent with the manufacturers' recommended power factor and operating parameters, as set forth in Exhibit A.

1.9 "Net Output" means all energy and capacity produced by the QF Facility, less station use and less transformation and transmission losses and other adjustments, if any.

1.10 "On-Peak" means those hours between HE0800 and HE2300 MPT (between 7:00 a.m. and 11:00 p.m. MPT) Monday through Saturday excluding North American Reliability Corporation ("NERC") and Western Electricity Coordinating Council ("WECC") designated holidays.

1.11 "Off-Peak" means those hours that are not On-Peak hours.

1.12 "Point of Delivery" means the high side of the generation step-up transformer(s) located at the point of interconnection between the QF Facility and PacifiCorp's transmission system, as specified in the Generation Interconnection Agreement and in Exhibit B.

1.13 "Prime Rate" means the publicly announced prime rate or reference rate for commercial loans to large businesses with the highest credit rating in the United States in effect from time to time quoted by Citibank, N.A. If a Citibank, N.A. prime rate is not available, the applicable Prime Rate shall be the announced prime rate or reference rate for commercial loans in effect from time to time quoted by a bank with \$10 billion or more in assets in New York City, N.Y., selected by the Party to whom interest based on the prime rate is being paid.

1.14 "Prudent Electrical Practices" means any of the practices, methods and acts engaged in or approved by a significant portion of the electrical utility industry or any of the

practices, methods or acts, which, in the exercise of reasonable judgment in the light of the facts known at the time a decision is made, could have been expected to accomplish the desired result at the lowest reasonable cost consistent with reliability, safety and expedition. Prudent Electrical Practices is not intended to be limited to the optimum practice, method or act to the exclusion of all others, but rather to be a spectrum of possible practices, methods or acts that are reasonable under the circumstances.

1.15 "Required Facility Documents" means all licenses, permits, authorizations, and agreements necessary for operation and maintenance of the QF Facility including without limitation those set forth in Exhibit C.

1.16 "Scheduled Maintenance Periods" means those times, as reflected in Exhibit D, during which the QF Facility is shut down for routine maintenance. In the event Seller modifies the Scheduled Maintenance Periods, Seller shall provide notice of such changes to PacifiCorp as soon as reasonably possible.

1.17 "Term" means January 1, 2012 through December 31, 2012.

SECTION 2: EFFECTIVE DATE AND REGULATORY TREATMENT

2.1 This Agreement shall become effective January 1, 2012, assuming prior execution by both Parties and approval by the Commission ("Effective Date"); provided, however, this Agreement shall not become effective until the Commission has approved this Agreement as consistent with applicable laws and determined that the prices to be paid for energy and capacity sold to PacifiCorp are just and reasonable, and in the public interest.

2.2 In the event that the Commission order approving this Agreement requires any change in this Agreement or imposes any requirement or condition not anticipated by the Parties that may reasonably be expected to be materially adverse to either party, the party adversely impacted by such change or condition may terminate this Agreement by providing the other party notice within thirty (30) days of the entry of the Commission's order.

2.3 The parties anticipate that costs and revenues associated with this Agreement shall be treated for inter-jurisdictional cost allocation purposes in accordance with the PacifiCorp Inter-Jurisdictional Cost Allocation Revised Protocol ("MSP Protocol"). Under the MSP Protocol, this Agreement constitutes a "New QF Contract" and, as such, costs incurred by PacifiCorp to purchase Delivered Energy under this Agreement will be allocated as a system resource unless a portion of such costs are determined by the Commission to exceed the cost that PacifiCorp would have otherwise incurred acquiring comparable resources, in which case the excess costs will be assigned on a situs basis to the State of Utah. The parties stipulate and agree that the Purchase Prices specified in Section 5 do not exceed the costs that PacifiCorp would have otherwise incurred acquiring comparable resources.

2.4 As a condition precedent to PacifiCorp's obligations under this Agreement, prior to the Effective Date, Seller shall provide to PacifiCorp copies of any or all Required Facility

Documents that PacifiCorp may reasonably request from Seller in writing. At any time during the Term, Seller, if reasonably requested by PacifiCorp, in writing, shall provide copies of any or all requested Required Facility Documents not previously provided.

2.5 Except as otherwise provided herein, this Agreement shall terminate at HE 2400 MPT on December 31, 2012.

2.6 If Seller determines that conditions so warrant, it may request to terminate this Agreement and request a new agreement that provides for firm contract pricing at the then-approved avoided cost rates for such purchases including all such terms and conditions consistent with QF firm power purchase agreements. The Parties shall negotiate in good faith in an attempt to reach agreement on a new agreement. In the event the parties are unable to reach such new agreement, either Party may petition the Commission for any appropriate determination or relief. Upon approval by the Commission of any such new agreement with firm contract pricing, this Agreement shall terminate.

SECTION 3: REPRESENTATIONS AND WARRANTIES

3.1 PacifiCorp represents, covenants, and warrants to Seller that:

3.1.1 PacifiCorp is duly organized and validly existing under the laws of the State of Oregon.

3.1.2 PacifiCorp has the requisite corporate power and authority to enter into this Agreement and to perform according to the terms of this Agreement.

3.1.3 PacifiCorp has taken all corporate actions required to be taken by it to authorize the execution, delivery and performance of this Agreement and the consummation of the transactions contemplated hereby.

3.1.4 Subject to Commission approval, the execution and delivery of this Agreement does not contravene any provision of, or constitute a default under, any indenture, mortgage, or other material agreement binding on PacifiCorp or any valid order of any court, or any regulatory agency or other body having authority to which PacifiCorp is subject.

3.1.5 Subject to Commission approval, this Agreement is a valid and legally binding obligation of PacifiCorp, enforceable against PacifiCorp in accordance with its terms (except as the enforceability of this Agreement may be limited by bankruptcy, insolvency, bank moratorium or similar laws affecting creditors' rights generally and laws restricting the availability of equitable remedies and except as the enforceability of this Agreement may be subject to general principles of equity, whether or not such enforceability is considered in a proceeding at equity or in law).

3.2 Seller represents, covenants, and warrants to PacifiCorp that:

3.2.1 Seller is a limited liability company duly organized and validly existing under the laws of the State of Delaware and duly qualified to do business in Utah.

3.2.2 Seller has the requisite power and authority to enter into this Agreement and to perform according to the terms hereof, including all required regulatory authority to make wholesale sales from the QF Facility.

3.2.3 Seller has taken all actions required to authorize the execution, delivery and performance of this Agreement and the consummation of the transactions contemplated hereby.

3.2.4 The execution and delivery of this Agreement does not contravene any provision of, or constitute a default under, any indenture, mortgage, or other material agreement binding on Seller or any valid order of any court, or any regulatory agency or other body having authority to which Seller is subject.

3.2.5 This Agreement is a valid and legally binding obligation of Seller, enforceable against Seller in accordance with its terms (except as the enforceability of this Agreement may be limited by bankruptcy, insolvency, bank moratorium or similar laws affecting creditors' rights generally and laws restricting the availability of equitable remedies and except as the enforceability of this Agreement may be subject to general principles of equity, whether or not such enforceability is considered in a proceeding at equity or in law).

3.2.6 The QF Facility is and shall for the term of this Agreement continue to be a "qualifying facility" ("QF") as that term is defined in the version of 18 C.F.R. Part 292 in effect on the Effective Date. Seller has provided the appropriate QF certification, which may include a Federal Energy Regulatory Commission ("FERC") self-certification to PacifiCorp prior to PacifiCorp's execution of this Agreement. At any time during the term of this Agreement but no more than once per year, PacifiCorp may require Seller to provide PacifiCorp with a written legal opinion from an attorney in good standing in the state of Utah stating that the QF Facility is a QF and to provide sufficient proof (including copies of all relevant documents and data as PacifiCorp may reasonably request) demonstrating that Seller has maintained and will continue to maintain the QF Facility as a QF.

SECTION 4: DELIVERY OF POWER

4.1 Commencing on the Effective Date and continuing through the term of this Agreement, Seller shall sell and make available to PacifiCorp a portion of the Net Output from the QF Facility at the Point of Delivery as more particularly described in Section 4.2 hereto.

4.2 Seller shall have the option, but not the obligation, to provide and deliver to PacifiCorp at the Point of Delivery the Net Output of the Facility, in the form of non-firm energy available during any hours HE 0100 through HE 2400 MPT, Monday through Sunday, from the QF Facility (the amount of Net Output that Seller actually delivers to PacifiCorp from the QF Facility, whether more or less than 36,000 kW per hour, shall be referred to herein as the "Delivered Energy"). PacifiCorp shall take and pay for the Delivered Energy at the Point of Delivery subject to the pricing provisions of Section 5. Seller shall have the right at any time to utilize all or any portion of the Net Output of the QF Facility in its same-site production facilities, including during times when PacifiCorp has provided a notice of interruption for electricity supplied for Seller's production facilities. In the event Seller chooses to utilize all or a portion of its Net Output in its production facilities, except as provided below, Seller shall provide a minimum twenty four-hour advance notice to PacifiCorp of such intent; provided, however, that in the event of any curtailment or interruption under Article IV of the Electric Service Agreement dated August 17, 2009 between the Parties or an interruption under the Operating Reserves Agreement dated August 17, 2009 between the Parties, Seller shall be deemed to have elected to utilize all of the Net Output of the Facility in its production facilities and no notice is required. The notice shall be by email, fax or phone and in such form as PacifiCorp may reasonably request. Within ten (10) business days of execution of this Agreement by both Parties, Seller shall provide to PacifiCorp a written forecast of the months and time periods (on peak and or off peak) in which it intends to utilize all or a portion of its Net Output in its production facilities for the term of this agreement. Such forecast shall be non-binding.

4.3 Seller shall not make any sales of any portion of the Net Output to parties other than PacifiCorp through the term of this Agreement.

4.4 If (a) Seller desires to make an improvement to the QF Facility in a manner that will cause the Delivered Energy of the QF Facility to increase to more than 36 MWh per delivery hour on a continual basis, and (b) Seller provides PacifiCorp with engineering designs, feasibility studies and other information reasonably necessary to document the proposed improvement and Seller's actual intention to make it, the Parties shall negotiate in good faith in an attempt to reach agreement on any appropriate changes to this Agreement. In the event this Agreement is modified in accordance with this section, the modified Agreement shall be filed with the Commission for approval. In the event the parties are unable to reach such agreement, either Party may petition the Commission for any appropriate determination or relief. To the extent not otherwise provided in the Generation Interconnection Agreement, all costs associated with the modifications to PacifiCorp's interconnection facilities or electric system occasioned by or related to the interconnection of the QF Facility with PacifiCorp's system, or any increase in generating capability of the QF Facility shall be borne by Seller.

SECTION 5: PURCHASE PRICES

PacifiCorp shall pay to Seller the Total Monthly Payment, for the Delivered Energy, to be calculated as follows:

Total Payment per Billing Period (\$) = Σ Total On-Peak Payment and Total Off-Peak Payment.

Where:

Total On-Peak Payment = On- Peak Energy Price * Delivered Energy during On-Peak periods in each Billing Period * Line Loss Factor

and

Total Off-Peak Payment = Off-Peak Energy Price * Delivered Energy during Off-Peak periods in each Billing Period * Line Loss Factor

“Energy Price” is the applicable price for the applicable month and the applicable delivery time period (On-Peak or Off-Peak) as set forth in Exhibit E.

The “Line Loss Factor” shall be 1.0464, and shall account for avoided line losses in accordance with the Commission approved methodology. This adjustment factor is based on a rate of 5.00% for real power losses for voltage of 46 kV or greater as set forth in Schedule 10 of PacifiCorp’s proposed revised Open Access Transmission Tariff (OATT) filed with the Federal Energy Regulatory Commission (FERC) on May 26, 2011 in Docket No. ER11-3643-000. In the event FERC approves a different line loss rate for real power losses for voltage of 46 kV or greater with an effective date during the term of this Agreement, PacifiCorp shall re-calculate the adjustment factor for avoided line losses consistent with the FERC approved line loss rate for real power losses for voltage of 46kV or greater. The re-calculated adjustment factor for avoided line losses shall apply from the FERC effective date for such approved line loss rate.

SECTION 6: OPERATION AND CONTROL

6.1 Seller shall operate and maintain the QF Facility in a safe manner in accordance with the Generation Interconnection Agreement, Prudent Electrical Practices and in accordance with the requirements of all applicable federal, state and local laws and the National Electric Safety Code as such laws and code may be amended from time to time. PacifiCorp shall have no obligation to purchase Net Output or Delivered Energy from the QF Facility to the extent the interconnection between the QF Facility and PacifiCorp’s electric system is disconnected, suspended or interrupted, in whole or in part, pursuant to the Generation Interconnection Agreement, or to the extent generation curtailment is required as a result of Seller’s non-compliance with the Generation Interconnection Agreement.

6.2 Seller may cease operation of the entire QF Facility or individual units, if applicable, for Scheduled Maintenance Periods at such times as are provided in the monthly maintenance schedule set forth as Exhibit D and may be modified as deemed appropriate by the

Seller. Seller shall notify PacifiCorp of any material changes to the monthly maintenance schedule.

6.3 If the QF Facility ceases operation for unscheduled maintenance or otherwise during on-peak hours, Seller shall notify PacifiCorp as soon as practicable of the shutdown and the anticipated duration of such shutdown. Seller shall use commercially reasonable efforts to avoid unscheduled maintenance during on-peak hours, to limit the duration of such unscheduled maintenance, and to perform unscheduled maintenance during non-peak hours.

6.4 At least ninety (90) days before the first day of each calendar quarter, Seller shall provide PacifiCorp with written notice of the QF Facility's planned generation schedule ("Schedule") for that calendar quarter. At least ten (10) days before the beginning of each month, Seller shall notify PacifiCorp in writing of any changes or updates to the Schedule for that month. At or before 0730 MPT on the day before a given day of delivery, Seller shall notify PacifiCorp's generation coordinator desk, by sending an e-mail to wsc@pacificorp.com, or telephoning 503-813-5212, or sending a facsimile to 503-813-6265, of the QF Facility's generation schedule for the delivery day and shall inform PacifiCorp no later than 2-hours following an event of Force Majeure, unscheduled outage or unscheduled derate, of the expected duration of any such event.

SECTION 7: FUEL/MOTIVE FORCE

Seller shall be responsible to procure and pay for all fuel as required and have it delivered to the QF Facility.

SECTION 8: RIGHT TO AUDIT

8.1 PacifiCorp and Seller shall have the right, upon reasonable notice to the other and during regular business hours and without unduly interfering with the conduct of the other's business, to access all of PacifiCorp's or Seller's records pertaining to invoices under this Agreement and to audit the reports, data, calculations and invoices that must be retained or provided under this Agreement. Each party shall bear its own costs of performing such audit; *provided, however*, that each Party agrees to cooperate with such audit and shall not charge the other for any reasonable costs (including without limitation the cost of photocopies) that the other may incur as a result of such audit. Each party shall have two (2) years from the date on which a billing statement is received to audit and to challenge that billing statement.

8.2 Should the audit reveal a billing error or errors that resulted in an overpayment by PacifiCorp, the Seller shall refund to PacifiCorp the amount of the overpayment plus interest thereon from the date such overpayment was made by PacifiCorp to (but not including) the date PacifiCorp actually receives the refund thereof from the Seller, such interest to be at an annual rate equal to the Prime Rate in effect on the date such overpayment was made by PacifiCorp plus two percent (2%), provided however, that the interest rate shall at no time exceed the maximum rate allowed by applicable law. Should the audit reveal a billing error or errors that resulted in an underpayment by PacifiCorp, PacifiCorp shall pay to the Seller the amount of the underpayment

plus interest thereon from the Due Date thereof to (but not including) the date the Seller actually receives the payment thereof from PacifiCorp, such interest to be at an annual rate equal to the Prime Rate in effect on the date such underpayment was made by PacifiCorp plus two percent (2%), provided however, that the interest rate shall at no time exceed the maximum rate allowed by applicable law.

8.3 PacifiCorp and Seller shall maintain for a period of two (2) years records, including bills and invoices, related to the calculation of payment prices and other material terms herein.

SECTION 9: METERING

9.1 PacifiCorp has already installed its own metering equipment required pursuant to the Generation Interconnection Agreement.

9.2 Metering shall continue to be performed at the location and in the existing manner and as specified in the Generation Interconnection Agreement. All quantities of energy purchased hereunder shall be adjusted to account for electrical losses, if any, between the point of metering and the Point of Delivery, so that the purchased amount reflects the net amount of power flowing into PacifiCorp's system at the Point of Delivery.

9.3 The metering equipment will be inspected, tested, repaired and replaced as provided in the Generation Interconnection Agreements. If any of the inspections or tests disclose Inaccurate Metering as defined in the Generation Interconnection Agreements, a correction will be made as provided in those agreements. [In the event that the Generation Interconnection Agreements do not specify how to correct an under-billing or over-billing caused by a metering error, then the Parties agree: (1) for metering errors averaging two percent or more, PacifiCorp shall issue a supplemental invoice resolving the under- or over-payment (without interest), looking back to the more recent of the day the error began (if determinable), or the Effective Date; and (2) for metering errors averaging less than two percent, the Parties agree to waive any over- or under-payment.] Any correction in billings or payments resulting from a correction in the meter records shall be settled and may be netted in accordance with the Parties' netting rights in Section 10.2, below.

9.4 To the extent not otherwise provided in the Generation Interconnection Agreement, all PacifiCorp's costs relating to all metering equipment installed to accommodate Seller's QF Facility shall be borne by Seller.

SECTION 10: BILLINGS, COMPUTATIONS AND PAYMENTS

10.1 No later than the twentieth (20th) day of each month, Seller shall provide to PacifiCorp by facsimile an invoice for amounts due under this Agreement for the preceding month, along with sufficient detail to allow PacifiCorp to verify the billing. Within twenty (20) days of its receipt of Seller's invoice, PacifiCorp shall pay all undisputed amounts by wire transfer or otherwise as reasonably directed by Seller from time to time.

10.2 Either Party may offset against any payments owed to the other Party under this Agreement any undisputed amounts incurred after the Effective Date that are owed to it by the other Party pursuant to any other agreement between the Parties. If Seller and PacifiCorp disagree on the amount due under this Agreement or any other agreement, the lower of the amounts due asserted by each Party shall be so netted. After resolution of the disagreement, the balance (if any) shall be netted with the next payment, if any, due to either Party, or shall be paid in full within ten (10) days by the owing Party to the other.

10.3 Parties shall attempt in good faith to resolve any billing disputes within thirty (30) days. If either Party pays any invoice under protest and its position is subsequently upheld, or if an error in any billing is discovered within two (2) years of the date on which it was submitted, interest shall accrue at the rate specified in Section 10.4, applied to the amount of any billing adjustment from the date the bill was initially paid to the date of the adjustment.

Unless otherwise provided herein, any amounts owing after the due date thereof shall bear interest at the Prime Rate plus two percent (2%) from the date due until paid; provided however, that the interest rate shall at no time exceed the maximum rate allowed by applicable law.

SECTION 11: DEFAULT AND REMEDIES

11.1 The following events shall constitute defaults under this Agreement:

11.1.1 Failure of a Party to perform any material obligation imposed upon that Party by this Agreement (including but not limited to breach of Section 4.3 and failure to make a payment when due) or breach by a Party of a representation or warranty set forth in this Agreement, if such failure or breach is not cured within thirty (30) days following written notice;

11.1.2 Filing of a petition in bankruptcy by or against a Party if such petition is not withdrawn or dismissed within sixty (60) days after it is filed;

11.1.3 Failure to cure any default under the Generation Interconnection Agreement within the time allowed for a cure under such agreement.

11.2 In the event of any default hereunder that is not cured in the manner provided for in this Agreement, the non-defaulting party may terminate this Agreement at its sole discretion by delivering written notice to the other party and may pursue any and all legal or equitable remedies provided by law or pursuant to this Agreement. The rights provided in this Section 11 are cumulative such that the exercise of one or more rights shall not constitute a waiver of any other rights.

11.3 Whenever a Party believes that a dispute has arisen in connection with this Agreement, that Party shall promptly provide written notice to the other Party describing the matter in dispute. Unless the dispute is resolved sooner, senior management for both Parties

shall meet at least once within a period of one month following notice to attempt in good faith to resolve the dispute. If the Parties' senior management does not resolve the dispute, each Party shall have the right to pursue whatever remedies it may have under the terms of this Agreement or applicable regulations, laws, or principles of equity.

SECTION 12: INDEMNIFICATION, LIABILITY AND INSURANCE

12.1 Indemnities.

12.1.1 Seller agrees to release, indemnify and hold harmless PacifiCorp, its directors, officers, agents, and representatives against and from any and all loss, claims, actions or suits, including costs and attorney's fees, both at trial and on appeal, resulting from, or arising out of or in any way connected with, facilities on Seller's side of the Point of Delivery, or Seller's operation and/or maintenance of the Facility, including without limitation any loss, claim, action or suit, for or on account of injury, bodily or otherwise, to, or death of, persons, or for damage to, or destruction or economic loss of property belonging to PacifiCorp, Seller or others, excepting only such loss, claim, action or suit as may be caused solely by the fault or gross negligence of PacifiCorp, its directors, officers, employees, agents or representatives.

12.1.2 PacifiCorp agrees to release, indemnify and hold harmless Seller, its directors officers, agents and representatives against and from any and all loss, claims, actions or suits, including costs and attorney's fees, both at trial and on appeal, resulting from, or arising out of or in any way connected with, the energy delivered by Seller hereunder after the Point of Delivery or with facilities on PacifiCorp's side of the Point of Delivery or PacifiCorp's operation and/or maintenance of its facilities, including without limitation any loss, claim, action or suit, for or on account of injury, bodily or otherwise, to, or death of, persons, or for damage to, or destruction or economic loss of property, excepting only such loss, claim, action or suit as may be caused solely by the fault or gross negligence of Seller, its directors, officers, employees, agents or representatives.

12.2 Nothing in this Agreement shall be construed to create any duty to, any standard of care with reference to, or any liability to any person not a party to this Agreement. No undertaking by one party to the other under any provision of this Agreement shall constitute the dedication of that party's system or any portion thereof to the other party or to the public, nor affect the status of PacifiCorp as an independent public utility corporation or Seller as an independent entity.

12.3 Neither Party hereto shall be liable to the other for special, punitive, indirect or consequential damages, whether arising from contract, tort (including negligence), strict liability or otherwise.

12.4 Each party hereto shall comply with any applicable laws, including Workers Compensation Laws.

12.5 Without limiting any liability or any other obligations of Seller, Seller shall secure and continuously carry with Best A-rated insurers or better the following insurance coverage:

12.5.1 Employers Liability insurance with a minimum limit of \$1,000,000, to the extent Seller has employees.

12.5.2 Commercial General Liability insurance, to include contractual liability, premise and operations and broad form property damage with a minimum single limit of \$1,000,000 each occurrence / \$2,000,000 general aggregate to protect against Seller's liability for injury to persons or damage to property stemming from this Agreement. To the extent available without significant additional cost, such policy required herein shall include i) provisions or endorsements naming PacifiCorp, its board of directors, officers, managers and employees, as additional insured, and ii) cross liability coverage so that the insurance applies separately to each insured against whom claim is made or suit is brought, even in instances where one insured claims against or sues another insured.

12.5.3 Business Automobile Liability insurance with a minimum single limit of \$1,000,000 for bodily injury and property damage with respect to vehicles, if any, whether owned, hired or non-owned, assigned to or used in connection with this Agreement.

12.5.4 Umbrella Liability insurance with a single limit of at least \$10,000,000 each occurrence/aggregate where applicable, to be in excess of coverages and limits required in Employer's Liability insurance and Commercial General Liability insurance, above. The Seller shall notify PacifiCorp, and may be required to purchase additional limits of coverage, if at any time this minimum umbrella limit is not available during the term of this Agreement.

12.5.5 To the extent reasonably available, all liability policies required by this Agreement shall include provisions that such insurance is primary insurance with respect to the interests of PacifiCorp and that any other insurance maintained by PacifiCorp is excess and not contributory insurance with the insurance required hereunder, and provisions that such policies shall not be cancelled or their limits reduced without 1) ten (10) days prior written notice to PacifiCorp if canceled for non-payment of premium, or 2) thirty (30) days prior written notice to PacifiCorp if cancelled for any other reason. A certificate in a form reasonably satisfactory to PacifiCorp certifying to the issuance of such insurance shall be furnished to PacifiCorp. Commercial General Liability coverage written on a "claims-made" basis, if any, shall be specifically identified on the certificate.

12.5.6 Insurance coverage, if provided on a "claims-made" basis, shall be maintained by Seller for a minimum period of five (5) years after the completion of this Agreement and for such other length of time necessary to cover liabilities arising out of the activities under this Agreement.

SECTION 13: FORCE MAJEURE

13.1 As used in this Agreement, "Force Majeure" or "an event of Force Majeure" means any cause beyond the reasonable control of the Seller or of PacifiCorp which, despite the exercise of due diligence, such party is unable to prevent or overcome. By way of example, Force Majeure may include but is not limited to acts of God, fire, flood, storms, wars, hostilities, civil strife, strikes, and other labor disturbances, earthquakes, fires, lightning, epidemics, sabotage, restraint by court order or other delay or failure in the performance as a result of any action or inaction on behalf of a public authority which is in each case (i) beyond the reasonable control of such party, (ii) by the exercise of reasonable foresight such party could not reasonably have been expected to avoid and (iii) by the exercise of due diligence, such party shall be unable to prevent or overcome. Force Majeure, however, specifically excludes the cost or availability of alternative sources of supply or changes in market conditions that affect the price of energy or transmission, the demand for products manufactured by Seller, or that otherwise render this Agreement uneconomic or unprofitable for a Party.

13.2 If either party is rendered wholly or in part unable to perform its obligation under this Agreement because of an event of Force Majeure, both Parties shall be excused from whatever performance is affected by the event of Force Majeure, provided that:

13.2.1 the non-performing party, shall, within two (2) weeks after the occurrence of the Force Majeure, give the other party written notice describing the particulars of the occurrence; and

13.2.2 the suspension of performance shall be of no greater scope and of no longer duration than is required by the Force Majeure; and

13.2.3 the non-performing party uses its best efforts to remedy its inability to perform.

13.3 No obligations of either party which arose before the Force Majeure causing the suspension of performance shall be excused as a result of the Force Majeure.

13.4 Neither party shall be required to settle any strike, walkout, lockout or other labor dispute on terms which, in the sole judgment of the party involved in the dispute, are contrary to the party's best interests.

SECTION 14: REGULATORY TERMINATION

PacifiCorp may terminate this Agreement, with the advance approval of the Commission, in the event Seller suspends operations at the Facility for more than thirty (30) days as a result of regulatory or legal action by the state of Utah or the United State Environmental Protection Agency which has become final without further appeal or the Seller does not maintain the QF Facility as a QF or otherwise based upon the QF Facility's loss of its QF certification.

SECTION 15: SEVERAL OBLIGATIONS

Nothing contained in this Agreement shall ever be construed to create an association, trust, partnership or joint venture or to impose a trust or partnership duty, obligation or liability between the Parties. If Seller includes two or more parties, each such party shall be jointly and severally liable for Seller's obligations under this Agreement.

SECTION 16: CHOICE OF LAW

This Agreement shall be interpreted and enforced in accordance with the laws of the state of Utah, excluding any choice of law rules which may direct the application of the laws of another jurisdiction.

SECTION 17: PARTIAL INVALIDITY

It is not the intention of the Parties to violate any laws governing the subject matter of this Agreement. If any of the terms of the Agreement are finally held or determined to be invalid, illegal or void as being contrary to any applicable law or public policy, all other terms of the Agreement shall remain in effect. If any terms are finally held or determined to be invalid, illegal or void, the Parties shall enter into negotiations concerning the terms affected by such decision for the purpose of achieving conformity with requirements of any applicable law and the intent of the Parties to this Agreement.

SECTION 18: WAIVER

Any waiver at any time by either party of its rights with respect to a default under this Agreement or with respect to any other matters arising in connection with this Agreement must be in writing, and such waiver shall not be deemed a waiver with respect to any subsequent default or other matter.

SECTION 19: GOVERNMENTAL JURISDICTION AND AUTHORIZATIONS

This Agreement is subject to the jurisdiction of those governmental agencies having control over either party or this Agreement.

SECTION 20: SUCCESSORS AND ASSIGNS

This Agreement and all of the terms hereof shall be binding upon and inure to the benefit of the respective successors and assigns of the Parties. No assignment hereof by either party shall become effective without the written consent of the other party being first obtained and such consent shall not be unreasonably withheld, conditioned or delayed. Notwithstanding the foregoing, either Party may assign this Agreement without the other Party's consent to a lender as part of a financing transaction or as part of (a) a sale of all or substantially all of the assigning Party's assets, or (b) a merger, consolidation or other reorganization of the assigning Party.

SECTION 21: ENTIRE AGREEMENT

This Agreement supersedes all prior agreements, proposals, representations, negotiations, discussions or letters, whether oral or in writing, regarding PacifiCorp's purchase of Delivered Energy from the QF Facility. No modification of this Agreement shall be effective unless it is in writing and signed by both Parties.

SECTION 22: NOTICES

22.1 All notices except as otherwise provided in this Agreement shall be in writing, shall be directed as follows and shall be considered delivered if delivered in person or when deposited in the U.S. Mail, postage prepaid by certified or registered mail and return receipt requested

EXHIBIT A

DESCRIPTION OF SELLER'S FACILITY

Seller's QF Facility is a 36 MW nominally rated gas-fired cogeneration facility, consisting of three 12.4 MW nominally rated General Electric Model Frame 5 gas-fired turbines (turbine numbers 214034, 214035, and 214036), with a total gross production capacity of about 37.2 MW and net power production of about 24.9 MW at a 67% operating factor. The QF Facility is located in Tooele County, Utah.

EXHIBIT B

POINT OF DELIVERY / PARTIES' INTERCONNECTION FACILITIES

"Point of Delivery" means the high side of the generation step-up transformer(s) located at the point of interconnection between the QF Facility and PacifiCorp's transmission system at US Magnesium's 138/13.8 kV Rowley Substation in Tooele County, Utah, as specified in the Generation Interconnection Agreement.

EXHIBIT C

REQUIRED FACILITY DOCUMENTS

1. Substation Bill of Sale and Assignment dated January 1, 1997, as amended by Letter dated June 5, 2001
2. Generation Interconnection Agreement executed on or about May 15, 2002
3. Transmission Line Bill of Sale and Assignment dated January 1, 1997, as amended by Letter dated May 15, 2003.
4. Transmission Operation and Maintenance Agreement dated January 1, 1997.
5. Certificates of Insurance as required by Section 12 of this Agreement.
6. Proof of QF self-certification.

EXHIBIT D
MONTHLY MAINTENANCE SCHEDULES

Scheduled Maintenance Periods during the Term of this Agreement are tentatively scheduled for:

Normal preventative maintenance is typically done when a unit is down for operational reasons. Major scheduled maintenance is typically done every five years on each unit and lasts for about one month. It is currently anticipated that major scheduled maintenance will be done in March of 2010 for one unit, in March of 2011 for one unit, and in March of 2012 for one unit and, in each case, every five years thereafter.

These schedules are tentative and may be adjusted by Seller. Seller agrees to notify PacifiCorp of material changes to Scheduled Maintenance Periods as soon as reasonably possible after such change.

EXHIBIT E
Energy Prices

Pricing is shown in \$ per megawatt hour:

Month in 2012	On-Peak	Off-Peak
January	\$38.17	\$28.74
February	\$37.77	\$28.15
March	\$36.34	\$26.03
April	\$35.22	\$21.17
May	\$31.36	\$19.35
June	\$31.23	\$17.04
July	\$51.35	\$32.99
August	\$52.28	\$30.91
September	\$49.32	\$29.58
October	\$36.92	\$27.16
November	\$36.22	\$26.69
December	\$39.02	\$27.77
