Dear Mr. Larsen

It appears certain information required to be filed pursuant to the Commission's Order dated June 15, 2012, in Docket No. 09-035-15, ("June Order") was not provided with the Settlement Stipulation filed August 7, 2012, in Docket No. 11-035-200. The June Order approves filing requirements for the energy balancing account pilot program and specifies "Item 1 shall be filed by the Company in any rate proceeding where Base EBA costs are approved." The item 1 information (in Section A) pertaining to base net power cost and wheeling revenue does not appear to be contained in the documents filed with the Settlement Stipulation. The Commission directs the Company to file this information by August 20, 2012.

Sincerely,

/s/ Gary L. Widerburg
Commission Secretary
