On November 8, 2012, at the request of the Division, the Commission issued a notice for a technical conference to be held on November 28, 2012. The purpose of the technical conference is to discuss a report on backup power schedules prepared by the Regulatory Assistance Project ("RAP"). RAP has forwarded to the Division several documents for the technical conference. The Division will have copies available at the technical conference but requests that the Commission distribute the documents to the service list in advance of the technical conference.
