RE: Rocky Mountain Power 2016 All Source Request for Proposals - Docket No. 11-035-73

Dear Gary:

This letter is to inform the Public Service Commission of Utah (“Commission”) that the Company incorporated, into the All Source Request for Proposals for a 2016 Resource (“All Source RFP 2016”) (filed in clean and red-lined versions with the Commission January 6, 2012), the Commission’s recommendations set forth in its Suggested Modifications, issued in the above-referenced docket on January 3, 2012. Below is a matrix indicating the pages in the red-lined version where the suggested modifications can be found:

Condition	Condition	Location in RFP
1	The language in the RFP 2016 restricting coal resource bid participation should be stricken.	Pages 7, 12-14, 16, 18-21
2	All post-2016 resources should be allowed to float in the bid evaluation process.	Pages 9 and 55
3	In the initial shortlist evaluation process, the Company should select resources by fuel type within each eligible resource category for advancement to the next steps of the bid evaluation process.	Pages 8, 11, 49, and 54

In addition, in accordance with the Commission’s Suggested Modifications, Rocky Mountain Power will set up a process to inform interested parties of due diligence issues related to the purchase of an asset. With these modifications to the draft RFP and in accordance with Utah Code Ann. § 54-17-201(2), Rocky Mountain Power respectfully requests that the Commission issue an order approving the All Source RFP 2016, as filed with the Commission January 6, 2012, and the proposed solicitation process.

Informal inquiries may be addressed to me at 801.220.4050 or to Stacey Kusters at 503.813.5351.

Sincerely,

Yvonne R. Hogle
Senior Counsel
